Thanks, yes this is what I needed. I will also need your annual report for 2025. If you could let me know when the hazardous materials have been removed, I will have our Field Office stop by to verify and then I can rescind the permit.

Becky, could you log this as a rescission request for 57-ADP-04-06?

I have attached a photo with what I believe contains the permit number.

I hope this helps!

Theresa,

I have also copied in Joe C, he is the manager on site now and can help get information needed. Company is Hub Group, don't know the permit number.

Thanks,

You don't often get email from theresa.stiner@dnr.iowa.gov. [Learn why this is important](#)

This message was sent from outside the company. Please do not click links or open attachments unless you recognize the source of this email and know the content is safe.

That would be me. I can consider this a request for a voluntary rescission. Could you remind me the name of the facility or the permit number?
