LANDFILL OF  
NORTH IOWA

**Certification Form (By law, this form must be kept on file)**

I certify that I am a generator of hazardous waste within the State of Iowa and that because of the small volume of hazardous waste generated and/or stored, I qualify for very small quantity generator (VSQG) status.

I understand that to qualify for very small quantity generator (VSQG) status, I must meet both of the following conditions (as defined by 40 CFR Section 262).

1. Generate less than 1kg/month (2.2 pounds) of acute hazardous waste, and never store more than this amount on site at any time; and
2. Generate less than 100kg/month (220 pounds) of all other hazardous waste, and never store more than 1,000kg (2,200 pounds) on the site at any time.

I further understand that if, in the future, I exceed the quantity limitations described above, I will become subject to additional regulation as a hazardous waste generator and will no longer be eligible to participate in this type of collection program.

\* Was this waste generated from an "Episodic" event or generation method (Spill or 1 time clean up)? Yes or No

I certify that I have the right to make these statements on behalf of my farm or business.
