Solid Waste Database ID No. 07-CRT-04-22
Cathode Ray Tube (CRT) Collections – Annual Registration Renewal**

Dear Doyle Smith:

The Iowa Department of Natural Resources (DNR) has reviewed our records for the above-referenced CRT Collection Registration. We confirm that your Annual Activity Report for the previous calendar year was received by the February 1 deadline. Pursuant to [567 IAC 122.5\(4\)](#), this report fulfills the annual registration renewal requirement.

Therefore, the CRT Collection Registration for [Business Name] is renewed and remains effective until March 1, 2027.

Please note that failure to submit a complete Annual Activity Report ([DNR Form 542-8131](#)) by February 1 each year, as required by [rule 567–122.11\(455D\)](#), will result in the expiration of your registration on March 1.

If City of Cedar Falls Transfer Station decides to stop accepting CRTs for recycling at this location, please contact the DNR to remove this registration from our list of active projects.

Thank you for your commitment to complying with Iowa's environmental regulations. If you have any questions, please contact me at [\(515\) 201-8272](tel:5152018272) or chad.stobbe@dnr.iowa.gov.

Sincerely,

Chad A. Stobbe
Interim CRT Program Administrator
