Good afternoon Mary,

I am emailing regarding the 2026 Financial Assurance documentation for the Ames-Story Environmental Landfill (IDNR Permit No. 85-SDP-13-91P). This is a private facility so is not covered by the 3/31/26 state audit deadline.

The yearly review by the CPA required by IAC 567-114.31(3)e is currently underway and the affidavit should be completed within the next week or two.

By this email, we are requesting an extension until May 31, 2026 for the submission of 2026 Financial Assurance documentation for this facility. We will certainly strive to make the submission prior to that date if possible.

Thank you for your consideration of this request. Please let me know if you have any questions,

Doug
