1023 W. Madison  
Washington, IA 52353-1623

**Subject: Spring 2026 Semi Annual Engineers Report**

Dear Mr. Lee:

Please find attached the following Semi-Annual Engineering Report (Environet).

This report serves as Continental Cement Company, LLC's (Continental's) Spring 2026 Engineering Inspection Report. This document is in support of Sanitary Disposal Project Permit No. 82-SDP-16-97P, 82-SDP-15-96C, and Iowa solid waste rule 567 Iowa Administrative Code (IAC) 115. This document provides a description and condition of various components Continental's Cement Kiln Dust (CKD) Landfill (Site).

1. The face of the slope will continue to be monitored.
2. Plan to fill and seed the barren and low-lying areas.

Please let me know if you need additional information or have questions.

Sincerely,  
*William Hilger*

William Hilger  
Environmental and Public Affairs Manager
