Rose - The addition of Iowa County Landfill to your operations plan is approved, and since Iowa County is within the ECICOG planning area, no waste flow variance form is required. Thanks for the update.

Hello Brian,

Thanks for the quick call today! As discussed, we are planning to add the Iowa County Landfill to the University's Operational Plan (Plan) for the Finkbine Commuter Parking Lot project. We will keep Benton County on the Plan but at this time the material is planned to be hauled and disposed at Iowa County Landfill pending your approval. The contractor reached out the Iowa County Landfill's Director, David Randall, and has received approval from him to dispose of the material there.

We will update our Operational Plan to include the addition of the Iowa County Landfill, please let me know if you would like to receive an updated copy of this Plan or if you need any additional information from our team.

Thank you,

Hello Brian,

Thank you for the quick review. Our team plans to submit a project closure report for you upon completion of project activities and I will contact you if there are any changes to the project from what is outlined in the approved plan.

Thank you,

Subject: [External] Fwd: Finkbine Commuter Parking Lot - Operation Plan

Good afternoon, Rose. I have reviewed the attached operation plan and have no comments. Consider this email your approval to proceed with the project. As noted in the attached plan, upon completion of the outlined activities, please submit a report summarizing the work completed, waste encountered, and associated problems (if applicable).

Meanwhile, considering the proposed project schedule, we would expect the report to be submitted on or before November 1, 2026 unless otherwise noted by you.

Thanks,

Brian

Hello Brian,

Attached is the Operation Plan for the planned project at the Finkbine Commuter Parking Lot. This project will remove asphalt over a portion of the parking lot and replace it with concrete. We plan to take the fly ash soil to Benton County Landfill for disposal.

Please let me know if you have any questions or need additional information.

Thank you,
