We have every intention of getting this covered as soon as we have actual dirt and not mud to cover with. Our dozer/scrapper was out of commission for several weeks and we have also had 11.5 inches of rain since May 15. Twice in that time period, we received over 3 inches in a day. I spoke with Doug about your notice, and he said we have plenty of dirt to get this accomplished in a very short time if we do not continue to get unusually heavy rainfall.

Thank you,
