

Chad A. Stobbe

Iowa Department of Natural Resources

6200 Park Avenue, Suite 200

Des Moines, IA 50321

To whom it may concern:

A-TEC Recycling, Inc. is seeking to combine our permits and activities with GKAT Reclamation (a now dissolved entity) that was located at 1745 NE 58<sup>th</sup> Ave, Des Moines, IA 50313. The DNR has been notified and has in its possession each permit number and application. All attachments, certifications, and maps previously filed, will not see any changes in any of these items outside of the volumes we expect to receive now. A-TEC originally owned and operated this facility before being purchased by GKAT Reclamation. This facility is now reverting back to its original owners and expects to run the operations basically the same but with less CRT volumes. No changes should need to be made to the Operating Permit since the equipment will be practically identical in use and location.

A-TEC Recycling will not store any CRT items outside. We are looking to reduce our CRT receiving and processing volumes and move more towards the recycling of LEDs and solar panels. We believe each of these items can be introduced into the same system and process in the same level as before with the end results being products to be used in an "end use" recycling alternative as before.

A-TEC Recycling appreciates all the help and work by the DNR to help get to this transition and as in the past 30 years of operation, look forward to working with the DNR in all of our future endeavors.

Thanks so much for your time and effort to resolve this situation.

Respectfully,

A handwritten signature in blue ink, appearing to read "Larry Young", is written over the printed name.

Larry Young

President

A-TEC Recycling, Inc.

IOWA DEPARTMENT OF NATURAL RESOURCES

**CRT Recycling Facility**  
**PERMIT APPLICATION FORM 50R**
