Subject: Monitoring Well Repair Update
Des Moines County Regional Sanitary Landfill
Permit No. 29-SDP-01-76

Dear Alexis:

SCS Engineers, on behalf of the Des Moines County Regional Solid Waste Commission, is submitting this monitoring well repair update in response to the Iowa Department of Natural Resources comments in correspondence, dated July 2, 2026 (Doc #117469), regarding the 2025 Annual Water Quality report and the response submitted by SCS Engineers in correspondence dated July 27, 2026 (Doc #117658), for the Des Moines County Regional Sanitary Landfill (Landfill).

Monitoring well MW-1-99 was noted as needing concrete repairs in the 2025 Annual Water Quality Report dated February 11, 2026 (Doc #11613). Landfill staff completed the repairs on July 25, 2026. Additional concrete was added to reinforce the concrete base and to stabilize the well. A photo of the completed repair is attached.

If you have any questions regarding this update, please contact me at the number below.

Sincerely,

A handwritten signature in blue ink that reads "Sean Marczewski".
