Re: Wright County Sanitary Landfill

Dear Mr. Jinkinson,

I am responding to your inspection report which was received 17 August 2000.

Required Action No. 1

The small trees located on the southwest, west-central, and north parts of the landfill have been removed. These areas have been marked and will be sprayed next Spring.

Required Action No. 2

The re-established willows at the northeast part of the landfill have been removed. This area has been marked and will be sprayed next Spring.

Required Action No. 3

The areas of the landfill showing signs of burrowing animals, the east-central part of the main landfill and the southeast part of the C&D landfill, have been baited. These areas have been marked and will continue to be monitored. Any dead animals found, will be removed.

If there are any questions or further information I may provide, please contact me at 515-532-2984. Thank you.

Sincerely,

Jim J. Meade, Director
Wright County Area Landfill Authority
