Re: Dubuque WPCP Solid Waste Permit Information

Dear Mr. Lundy:

Attached are 3 copies of the information you requested through Mr. Craig Olson, Director of Utilities for the City of Dubuque.

The packet includes a process description of the incinerator and scrubber systems; plant layout drawings; incinerator layout drawings; 1970 vintage design criteria and upgrades in 1975.

At the present time the incinerator is running at the low range for design criteria or below.

I would like to thank you for taking the time to discuss the application for the permit with Mr. Olson. Should you desire more information, please do not hesitate to contact me at 319-589-4176.

Sincerely,

Paul J. Horsfall
Plant Manager
