Re: Request for Permit Transfer of **Beneficial Use Determination ID#82-SDP-11X**
for the Arconic Inc. Davenport Works Facility.

Dear Mr. Stobbe:

This letter is to provide you with advance notice that Arconic Inc. will once again be separating into two independent publicly-traded companies in 2020. As a result of the separation, Arconic's Davenport facility will be transferred to a subsidiary named "Arconic Davenport LLC," whose EIN is 84-2935862, effective February 1, 2020.

Accordingly, Arconic Inc. respectfully request that the captioned permit be transferred to Arconic Davenport LLC. By so doing, Arconic Davenport LLC acknowledges that they understand the facility's permitted conditions, coverage and liability and take full responsibility for complying with the existing permit once approval of this transfer by the permitting agency is approved.

The facility was issued a Beneficial Use Determination for its Filter Cake material to be used as a lime based substitute at Green America (formally Lafarge).

Thank you for your assistance. If you have any questions or would like to discuss further, please contact Guilbert Ebune at 563-459-2619 or email at guilbert.ebune@arconic.com with any questions.

Sincerely,

Steven Jennings
Manufacturing Director

Arconic Davenport LLC
