**Re: Cardo/ATC Single-use Landfarming Bond Rescission
Permit # 07-SDP-28-12-PCS**

Dear Ms. Lube:

Cardno (formerly DBA "Cardno ATC") informed the Iowa Department of Natural Resources (DNR) on October 15, 2020 that Cardno would no longer be landfarming petroleum contaminated soil (PCS) in Iowa. In addition, a request was made that Cardo be released from their financial assurance mechanism (bond).

This letter serves as notice that DNR has relieved Cardno from all obligation noted in Single Use Landfarm bond No. K09275952, most recently received on August 20, 2015 and citing Westchester Fire Insurance Company as insurer. DNR believes that Cardno has satisfied all obligations associated with landfarming of PCS at single-use landfarms in Iowa.

Iowa Administrative Code 567-120.13(5)a notes that "A financial assurance instrument may be terminated by the owner.....if the owner is no longer required to demonstrate financial responsibility in accordance with this rule". Cardno has the right to cancel the letter of credit at any point and will not be violation so long as all site-specific obligations are complete.

If you have any questions, please contact me at matthew.graesch@dnr.iowa.gov or (515) 725-8331.

Sincerely,

A handwritten signature in black ink, appearing to read "Matthew Graesch", written in a cursive style.
