Affidavit of Publication

STATE OF IOWA, Webster County, ss.

LEGAL PUBLICATION

PUBLIC NOTICE OF STORM WATER DISCHARGE

The City of Rockwell City plans to submit a Notice of Intent to the Iowa Department of Natural Resources to be covered under the NPDES General Permit Number 2 "Storm Water Discharge Associated with Construction Activities" for public construction in Rockwell City, Iowa.

The stormwater discharge will be from site grading associated with the improvements to the water reclamation facility. Soil disturbing activities will include the following: site clearing and grading, perimeter and other erosion and sediment controls, excavation, utility installation, building construction, and the preparation for final planting and seeding. The site is located on Preston Ave within the city limits of Rockwell City, Iowa. More specifically, the project location is in the Northeast Quarter (NE 1/4) of Section 30, T-88-N, R-32-W, Calhoun County, Iowa.

Runoff currently surface drains to a culvert and travels east under the road. The proposed site will drain in a similar manner through surface swales and culverts. This drains off-site to the east through one point source. The runoff from this area drains directly to Lake Creek to the East and travels South.

Comments may be submitted to the Storm Water Discharge Coordinator, IOWA DEPARTMENT OF NATURAL RESOURCES, Environmental Protection Division, Henry A. Wallace Building, 502 E 9th Street, Des Moines, IA 50319-0034.

The public may review the Notice of Intent from 8 a.m. to 4:30 p.m., Monday through Friday, at the above address after it has been received by the department.

L6614 12/23/20
