ADM TERMINAL SERVICES
ZACH STRALOW
1419 N WASHINGTON BLVD
CAMANCHE IA 52730

Subject: **Notice of Violation** – Unpaid 2020 Tank Management Fees, Delivery Prohibition
             Site: ARTCO ADM Camanche, 1419 N Washinton Blvd, Camanche
             Registration No. : 198600719

Dear Owner:

The underground storage tanks at the above referenced site are currently under delivery prohibition and can no longer receive fuel. The 2020 tank tags required to receive fuel after April 1 have not been issued due to non-payment of the 2020 tank management fee. **This facility has been on Delivery Prohibition effective April 1, 2020.**

The 2020 renewal form was completed through the online renewal system but no payment has been received. Multiple email have been sent requesting the renewal payment be sent in via check.

Please complete and send in the enclosed fee form with payment. The late fee of $250 per tank (Iowa Code 455B.473(8)) will not be assessed until June 1, 2020 in light of the COVID-19 pandemic.

IAC Chapter 135.3(5)"b" states the owner or operator of tanks over 1100-gallon capacity must submit a tank management fee of $65 per tank by January 15 each year. In the future it is important to submit the form and payment by the due date, January 15th of each year. Time needs to be allowed for processing and mailing out the tank tags.

The department will be red tagging the tanks to further indicate fuel cannot be delivered to the tanks if fees are not received by April 29th, 2020. Both you and the transport company can be fined for delivering fuel to an underground storage tank without a current tank tag affixed to the fill pipe.

Sincerely,

Cara Ingle
Environmental Specialist, Underground Storage Tank Section
