**Subject: Letter of Non-Compliance – Failure to Provide Proof of Current Financial Responsibility
ALLIANCE CONCRETE, 200 W RIDGE RD, SERGEANT BLUFF IA 51041
UST REGISTRATION: 200700007**

Dear Marlin Morey,

The department notified the facility on **09/05/2019** via email to submit a current copy of the certificate of insurance for the USTs at the above referenced site by close of business day **09/10/2019** via email or fax or the site may be placed under delivery prohibition and red-tagged. As of **11/14/2019** the department has not received a certificate of insurance from you.

The current pollution liability insurance the department has on file for your facility referenced above expired on **09/01/2019**. It is the responsibility of the owner/operator to provide the updated pollution liability insurance to the department every year. You cannot operate the UST system without financial responsibility.

Proof of financial responsibility must be maintained on petroleum USTs until they are properly closed or, if corrective action is required, after corrective action has been completed and the tank has been properly closed [IAC 567—136.22 (455B)].

This is your final notice to submit a copy of your current certificate of insurance for the USTs. If not received by **close of business day 11/25/2019**; your facility will be placed on delivery prohibition and red-tagged.

Please contact me at 515-725-8364 or cara.ingle@dnr.iowa.gov if you have any questions.

Sincerely,

Cara Ingle
